Ladies and Gentlemen,

Strategically located midway between Kuala Lumpur and Putrajaya, Puchong is highly interwoven network of highways, is accessible using KESAS highway map, Damansara - Puchong expressway (LDP), Federal Highway and Elite Highway.

With an estimated population of 335,419, a showroom and service centre here would bring greater business prospect and opportunity for NAZA Group of Companies to facilitate the local demand.

Ladies and Gentlemen,

Upholding its brand name, Naza Group has successfully done its part in ensuring a good after sales service to their customers. With regular inspection and service, we are doing our part to ensure a safe journey on roads, either to work, leisure or even *balik kampung*.

As to 1<sup>st</sup> January 2010 until 31<sup>st</sup> December 2010, there were 6,872 death toll recorded. It marks 18.9 deaths per day due to accidents cases on the road. Apart from practicing safe driving methods, roadworthy of the cars need to be put an emphasis too. Think of your loved ones and don't take risks, safety counts first.

*Smart Tag* and *Touch 'N' Go* makes your journey smoother. Distributing Smart Tags to all new Chevrolet customers is part of Chevrolet's sales strategy.

The Government encourages the private sector to do their bit in ensuring road safety and once again I would like to congratulate and thank the Chevrolet for coming up with great plans and packages to assist us in making the roads safer.
