KEMENTERIAN PENGANGKUTAN SIASAT KEMALANGAN TRAGIS DI LEBUHRAYA ELITE, TIADA KOMPROMI TERHADAP MANA-MANA PIHAK JIKA DIDAPATI MELANGGAR PERATURAN

Kementerian Pengangkutan Malaysia (MOT) ingin merakamkan rasa kesal dan sedih berhubung kemalangan tragis yang berlaku di lorong kecemasan Lebuhraya Utara-Selatan Hubungan Tengah (Elite) menghala ke Shah Alam berhampiran kawasan Rehat dan Rawat (R&R) USJ lewat malam tadi.

MOT amat berdukacita dengan kejadian tersebut di mana sebuah lori treler merempuh tiga buah kereta yang berhenti di lorong kecemasan sehingga meragut 10 nyawa termasuk seorang ibu dan lapan orang anaknya.

Semua pihak berkuasa berkaitan di bawah MOT termasuk Jabatan Pengangkutan Jalan (JPJ), dan Institut Penyelidikan Keselamatan Jalan Raya Malaysia (MIROS) sedang menyiasat kejadian tersebut secara terperinci untuk mengenalpasti faktor yang menyebabkan kemalangan tragis itu berlaku.

Laporan daripada penyiasatan ini nanti termasuk laporan Pemeriksaan dan Audit Keselamatan (JISA) JPJ akan diserahkan secepat mungkin kepada Agensi Pengangkutan Awam Darat (APAD) untuk tindakan lanjut di bawah Akta Pengangkutan Awam Darat 2010 (Akta 715).

Sekiranya syarikat yang terlibat dalam kemalangan itu didapati telah melanggar keperluan Tataamalan Industri Keselamatan dan Kesihatan Pekerjaan Bagi Aktiviti Pengangkutan Jalan 2010 (ICOP) mereka, APAD akan mengeluarkan perintah untuk menggantung atau membatalkan lesen pengendali syarikat berkenaan.

MOT tidak akan berkompromi dengan mana-mana syarikat yang gagal mematuhi ICOP dengan alasan munasabah dan telah melanggar syarat lesen pengendali. Pelanggaran syarat ini mampu mewujudkan risiko keselamatan kepada pemandu lain, pejalan kaki dan orang awam secara amnya.

MOT AUTHORITIES INVESTIGATING TRAGIC ELITE HIGHWAY ACCIDENT; NO COMPROMISE WITH COMPANY FOUND VIOLATING SAFETY STANDARDS

With great regret, we wish to express our deepest sorrow in response to the tragic accident which occurred last night on the Elite Highway northbound towards Shah Alam near the USJ R&R.

The Ministry of Transport is extremely concerned with the road accident at KM 8.3 late on Friday night, 17 December 2021 involving a trailer lorry impact on three motor vehicles which claimed 10 lives including a mother and her eight children.

All relevant authorities under MOT including the Road Transport Department (JPJ), and Malaysian Institute of Road Safety Research (MIROS) are currently investigating the incident to ascertain the factors that led to the tragic accident.

Reports from these investigations including the JPJ's Inspection and Safety Audit (JISA) report will be furnished as soon as possible to the Land Public Transport Agency (APAD) for further action under the Land Public Transport Act 2010 (Act 715).

If the company involved in the accident is found to have violated their ICOP Safety requirements, APAD will issue an order to suspend or revoke the operator license of the company.

MOT will not compromise on any company which fails to comply with the Occupational Safety and Health Industry Code of Practice for Road Transport Activities (ICOP) with valid cause and has violated the terms of the operator license. These violations pose safety risks to other drivers, pedestrians, and the public at large.
